

KENDRIYA VIDYALAYA I-I-T CHENNAI-36

Revision Questions

Std: XI

Sub: Economics

SECTION-A

1. Define Range and Co-efficient of Range? 1
2. What is meant by secondary data? 1
3. Give the formula of Weighted Mean. 1
4. Who gave the scarcity definition of economics? Also state the definition. 1
5. Define statistics in singular sense. Write any two important uses of statistic in economics 3
6. Distinguish between Sampling errors and Non Samplings errors. 3

OR

Mention the three main methods of collecting primary data? Explain any one of them.

7. a) What is meant by dispersion? 3
b) Which measure of dispersion is the best and why?
c) Give two examples of relative measures of dispersion. 3
8. Prepare a frequency distribution table from the following data with classes 10-15,15-20 ----
22,35,30,21,15,18,14,30,38,30,18,30,22,23,15,18,35,24,28,11,12,10,36,38,33. 3m
9. What does the Lorenz curve represent? Mention its main uses. 3
10. Define Mode. How is mode calculated in ungrouped data and graphically? 3
11. Construct a histogram and frequency polygon from the following series: 4

CLASS INTERAVAL	5-10	10-15	15-20	20-25	25-30	30-35
FREQUENCY	3	5	8	10	6	4

Or

Construct a pie diagram from the following data:

Expenditure	Food	Housing	Clothes	Education	Others	Total
Rupees	180	225	135	90	270	900

12. Distinguish between 6

- a) Census method and sampling method
- b) Random sampling and Non Random sampling

13. What is meant by tabulation of data? Explain the main functional parts of a statistical table. 6

14. Calculate Arithmetic mean from the data given below by step deviation method. 6

Marks	0-10	10-20	20-30	30-40	40-50	50-60	60-70
No of Students	2	5	8	10	8	5	2

15. Calculate Q1 and Q3 and Quartile deviation from the data given below 6

Wages	0-5	5-10	10-15	15-20	20-25	25-30
No of workers	4	6	3	8	12	7

OR

Calculate mean deviation from the following data using median.

Age	0-10	10-20	20-30	30-40	40-50
No of students	5	10	20	5	10

SECTION B

16. What do you mean by Globalisation? 1

17. What is meant by bilateral trade? 1

18. Who formulates plans in India? 1

19. Name two economists who calculated India's per capita income for the first time. 1

20. What is meant by organic farming? How does it promote sustainable development 3
 Or
 What is meant by Rural development? Bring out four main issues of rural development.
- 21 .What are the causes of agricultural stagnation during the British rule. 3
22. When were the New Economic Reforms introduced ? What were the basic problems faced by our economy that forced us to introduce reforms? 4
23. Explain the following in brief 4
 (a) Modernization as a planning objective
 (b) Sectoral composition of an economy
24. What is meant by poverty line? Distinguish between absolute poverty and relative poverty.4
- 25 . What is meant by Liberalisation. Write any three important steps taken by the government to promote liberalization.
 Or
 What is meant by Privatisation?.Explain any three important steps taken by the government to promote Privatisation. 4
26. What is WTO? When and was it established. What is the role of WTO in India's trade? 6
 Or
 What is Green Revolution ? When and why was it introduced ? How did it benefit our Economy?
27. Write short note on the following i) Self Help Groups 6
 ii) Alternate marketing channels in India.
28. What is meant by Food for Work programme? Explain any two important poverty alleviation programmes launched by the government? 6
29. Describe the main features of Indian economy at the time of independence. 6
