

CLASS - VIII - MATHEMATICS

HOLIDAY HOME WORK.

- 1) Write multiplication tables (1-20) 3 times.
- 2) Make models for algebraic Identities such as -  
 $(a+b)^2$ ,  $(a-b)^2$ ,  $(a+b)^3$ ,  $(a-b)^3$  etc.
- 3) Make models for solid shapes such as cube, cuboid, cylinder, cone, hemisphere, sphere.
- 4) Make a formulae note book for algebraic Identities, plane figures and solid shapes.
- 5) Draw a graph for distance-time graph.

Note : Make any three of the following.
